

Checking Out a MyTech Chromebook and Charger for the Summer

This agreement applies for DPS students who will be returning to a district-run school for the 23/24 school year. If you do not wish to opt-in to checking a Chromebook and charger out for the summer, both the device and charger needs to be returned to your student's school before the end of summer

Students in Denver Public Schools have the option to check out a MyTech Chromebook and charger over the summer to continue to engage in learning opportunities.

In order to do so, the parent/ guardian of the student will need to refer back to the MyTech Device and Acceptable Use of Technology agreements and complete this form to indicate they have read and understand their and their student's responsibility for caring for the MyTech device over the summer.

This also includes being responsible for any damage or loss fees while using the Chromebook and charger over the summer.

Once this form has been completed, please work with your school to check out a Chromebook which will be assigned to your student in our inventory system.

Review the [MyTech Device agreement](#) to understand your and your student's responsibilities in using a Chromebook and charger over the summer, including being responsible for any damage or loss should they occur.

By checking this box, I acknowledge that I have reviewed the MyTech Device agreement and understand its content.

Review the [MyTech Acceptable Use of Technology agreement](#) to understand your and your student's responsibilities in using a Chromebook and charger over the summer, including being responsible for any damage or loss should they occur.

By checking this box, I acknowledge that I have reviewed the MyTech Acceptable Use of Technology agreement and understand its content.

By checking this box, I am verifying that I have read the MyTech Device and Acceptable Use of Technology agreements, understand my and my student's responsibilities in using a Chromebook and charger over the summer, and give permission for my student to check a Chromebook and charger out for the summer.
